

# Commemorative Benches on the OSU Research Forests

**Donate a bench to commemorate an individual, a group, or an event and support the OSU Research Forests Recreation and Engagement Program.**

**Leave a legacy:** A handcrafted bench is placed along an official trail or at a popular destination where your family and other visitors can connect with the natural world. The funds you provide in your donation will support the Recreation and Engagement Program, which creates and maintains the trails in the OSU Research Forests.

**We supply the bench:** Benches are handcrafted and installed by OSU Research Forests staff and volunteers, with a commemorative plaque added to each finished bench. We work with you to find just the right location.

**For more information** about donating a bench, including available locations and donation pricing information, contact:
