

Draw a bird like an Expert!

Drawing can help us explore nature's details. Follow these simple steps to draw your own Black-capped Chickadee.

The chickadee makes at least 15 different sounds to communicate! The best known is the '**chickadee-dee-dee**' that gives the bird its name.

Have you ever heard a chickadee?

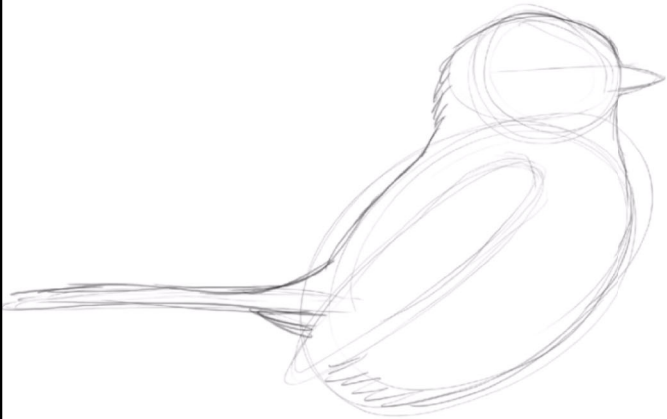

Step 1

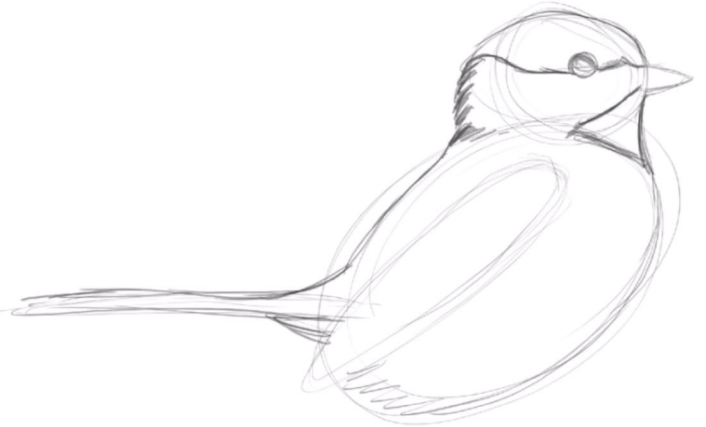

Step 2

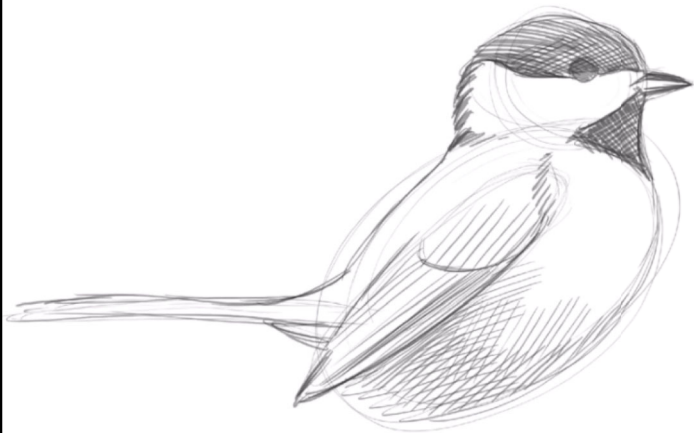

Step 3

Step 4

Step 5

Step 6

Now that you have taken the time to draw and notice the details of this bird, try finding a chickadee on your next nature walk!

💡 wildlife researcher tips 💡

Chickadees live in Oregon all year long, so you can look for them at any time of year.

Listen for their Chickadee-dee-dee-dee calls or sweet "Cheeseburger" song

Chickadees love bird feeders. Does someone you know have a bird feeder that you can watch? This is great way to see a chickadee up close!
