

# Explore Peavy Arboretum

Welcome! We invite you to explore our network of paths to discover over 100 species of native, noteworthy and unique trees and shrubs or to find a quiet place to read a book and have a picnic. Peavy Arboretum is the gateway to the OSU Research Forests, a collection of working forest lands managed by the Oregon State University College of Forestry for the purposes of teaching, research and demonstration. A 1.1 mile walking tour is shown in here yellow on this map.
