## College Research Forests: **draft** Vision, Mission and Goals

Forestry Executive Committee Meeting

December 12, 2019

### **Vision:**

We aspire to be a world-class, sustainably-managed working forest that provides the maximum possible support to the mission of the College of Forestry

### **Mission:**

- To create opportunities for education, engagement, and research
- To demonstrate a healthy, sustainable working forest
- To provide revenue in support of the College of Forestry programmatic mission

### **Goals:**

#### **Learning, Discovery, Engagement**

*Provide diverse opportunities for learning, discovery, and dissemination of knowledge related to forest ecosystems and management for timber and non-timber values to students, teachers, scientists, and the general public.*

#### **Stewardship**

*Create and maintain diverse, healthy, resilient, and productive forests that can be used to demonstrate the principles of sound forest stewardship.*

#### **Working Demonstration Forest**

*Demonstrate contemporary and cutting-edge aspects of a working forest within a community setting.*

#### **Net Revenue**

*Revenue from the College Forests must cover operating costs and should return a sustainable revenue to the College of Forestry in support of research, teaching and outreach.*

#### **Recreation**

*Provide safe, quality recreation opportunities compatible with a working demonstration forest and the other goals.*

#### **Continuous Improvement**

*Demonstrate a commitment to continuous improvement in the management and stewardship of the College Research Forests.*
