College Research Forests: draft Vision, Mission and Goals
Forestry Executive Committee Meeting
December 12, 2019

**Vision:**
We aspire to be a world-class, sustainably-managed working forest that provides the maximum possible support to the mission of the College of Forestry

**Mission:**
- To create opportunities for education, engagement, and research
- To demonstrate a healthy, sustainable working forest
- To provide revenue in support of the College of Forestry programmatic mission

**Goals:**

**Learning, Discovery, Engagement**
*Provide diverse opportunities for learning, discovery, and dissemination of knowledge related to forest ecosystems and management for timber and non-timber values to students, teachers, scientists, and the general public.*

**Stewardship**
*Create and maintain diverse, healthy, resilient, and productive forests that can be used to demonstrate the principles of sound forest stewardship.*

**Working Demonstration Forest**
*Demonstrate contemporary and cutting-edge aspects of a working forest within a community setting.*

**Net Revenue**
*Revenue from the College Forests must cover operating costs and should return a sustainable revenue to the College of Forestry in support of research, teaching and outreach.*

**Recreation**
*Provide safe, quality recreation opportunities compatible with a working demonstration forest and the other goals.*

**Continuous Improvement**
*Demonstrate a commitment to continuous improvement in the management and stewardship of the College Research Forests.*
